Professional Summary

The first things learned with computers were Microsoft Paint, MS-DOS, Microsoft Word, Microsoft PowerPoint, and Microsoft Excel. This is all I had in my school time. After school, many things happened. I did my Graduation in BA but computer is one thing that I am genuinely interested in throughout my educational journey. After lockdown, we got a good internet connection at my Room and I got an opportunity to learn online. I finally started my journey with Newton School. I learned Full stack, data structures, algorithms, and soft skills at Newton School. Besides coding, I love traveling and meeting new people. I also love to read and write... As a developer, my hunger for learning has increased continuously. I want to learn more and do something meaningful with my learning. Specialties: Learning new things quickly, Punctuality. Toolkit: React, Node.js, Vanilla JavaScript, Redux, Next.js HTML, CSS, NPM Packages, Git/GitHub, MS Office.
